NOTES:

• The Funding Opportunity Announcement (FOA) and associated application guide remain the official documents for defining application requirements. This resource is meant to complement, not replace, those documents.

• NIH application packages include a subset of the forms included in this resource. You will only need to complete the forms provided to you with a specific FOA.

• The actual display of the forms depends on your submission method (ASSIST, system-to-system solution, Workspace). The same forms, form fields and guidance apply regardless of submission option even if the display is slightly different.

• This resource is for FORMS-E application packages, see Do I Have the Right Forms for My Application?

• Registration in multiple systems is needed prior to submission, see Get Registered! Can take 6 weeks – start early!

• Don’t forget to periodically check the Related Notices section of the FOA for any updates to instructions or policies since the opportunity was posted.

• The blue annotations throughout this resource represent tips, processing notes and eRA system business rule checks (i.e., validations).
