eRA Will Require the Use of Login.gov to Access eRA Commons, ASSIST, IAR and Commons Mobile in 2021

Users will be required to use two-factor authentication (2FA) through login.gov to access eRA Commons, ASSIST, Internet Assisted Review (IAR), and Commons Mobile by September 15, 2021. This secure 2FA allows users to log in to four different grants systems (eRA, Grants.gov, GrantSolutions.gov and Payment Management System) using the same login.gov credentials.

The new requirement started being phased in December 14, 2020, for reviewers, meeting by meeting, effective for review meetings February 1, 2021 and beyond. As reviewers are enabled for meetings, their accounts will be transitioned to require login.gov to access IAR.

All users of eRA Commons, ASSIST, IAR and Commons Mobile are encouraged to switch to 2FA through login.gov now, before the mandatory deadline of September 2021.

- If you should run into issues with login.gov or associating your login.gov account with their eRA account, contact the eRA Service Desk at <https://grants.nih.gov/support/index.html>.
- For more information on making 2FA a requirement, please see Guide Notice [NOT-OD-21-040](#).
- You can also refer to login.gov for additional help at <https://www.login.gov/help/>
